using Astoria, and as this has proven a failure the past two years on account of not comprehending the best means to bring the resources of the city and county before Eastern people, causing an immense outlay of money with no corresponding benefits, we deem it advisable for the city to act alone, as the management has extended the mayor and common council an invitation to attend, assuring them of the hearty co-operation of the management. We would recommend that a certain sum be appropriated to be expended under the direction of the mayor and your committee for properly advertising Astoria and Clatsop county, in an intelligent manner susceptible of producing beneficial results."

## CHARACTERISTIC LINES WRITTEN BY TAFT

TO THE PEACE CONGRESS NOW IN SESSION AT CHICAGO

CHICAGO, May 3.—The following is the text of a letter written by President Taft to Secretary Royal L. Melendy of the National Peace Congress, which was read at the opening of that body today:

"My dear sir: I greatly regret that I am unable to attend the coming national peace congress at Chicago and there to express my earnest sympathy with the object of assembling so many distinguished men in the interest of world peace. That progress has been made in the matter of peace everywhere by international action and by the moral pressure of the people of the earth, anyone who has examined the record must admit.

"It is true that armaments go on increasing in cost, but it is also true that the burdens presented by this competition in armament are growing heavier and heavier and the problems for solution consistent with their increase become more and more difficult. The possibilities of war now arising come chiefly from irresponsibilities of government and in those countries where stability of internal control is lacking. The United States has contributed much to the cause of peace by assisting countries weak in respect to their internal government so as to strengthen in them the cause of law and order. This relationship of guardian and ward as between nations and countries in my judgment helps along the cause of international peace and indicates progress in civilization. The policy of the United States in avoiding war under all circumstances except those plainly inconsistent with honor or its highest welfare has been made so clear to the world as hardly to need statement at my hands. I can only say that so far as my legitimate influence extends while at the head of this government, it will always be exerted in the full in favor of peace, not only as between this country and other countries but as between our sister nations.

"Very sincerely yours,  
"WILLIAM H. TAFT."

Doan's Kidney Pills relieve backache.

Cure every kidney ill.

H. R. McCarver, living at 286 Holaday street, Portland, Ore., says: "Some years ago Doan's Kidney Pills proved of great benefit to me and I publicly recommend them. Since then I have advised many of my fellow-workmen to give them a trial and the results have been satisfactory in every instance. I believe kidney trouble in my case was brought on by a cold. I had always been somewhat skeptical regarding proprietary medicines but somehow the claims made for Doan's Kidney Pills impressed me and I began their use. Relief soon followed and I have had no serious return of kidney complaint since."
